Subject: Re: synopsis example for Bristol Bay watershed analysis

It would be helpful if we could get a synopsis from everyone by the end of next week. Then we could share it with the ORD folks as well as the other agencies and tribes. It would give them time to review our work before meeting with them (yet to be scheduled). Is this do-able?

Subject: synopsis example for Bristol Bay watershed analysis

Hey All,

I'm attaching a draft synopsis of the fisheries end of the Bristol Bay watershed assessment. This document summarizes the pertinent information and gives the primary supporting references for most of the sections that we identified in our preliminary outline.

(b) (5)

I'm not exactly sure when Phil wants this completed, but we can talk about that at our next coordinating meeting (if not sooner). For those of you submitting budgets to NatureServe, please get these in as soon as you can to keep the contract process moving along.

Thanks, everyone, for your help.

Dan
